

# Week 01 : Programming Assignment 1

Due on 2026-02-05, 23:59 IST

Write a Java program to check if a given integer is even or odd.  
Print "Odd" if odd  
and "Even" if even.

## NOTE:

The code you see is **not complete**.

Your task is to complete the code as per the question.  
Think of it like a programming puzzle.

(Ignore presentation errors for this and all future programming assignments)  
("passed with presentation error" means **you will get full marks**)

Your last recorded submission was on 2026-01-21, 17:45 IST

Select the Language for this assignment. Java ▼

File name for this program :

```
1 import java.util.Scanner;
2
3 public class W01_P1 {
4     public static void main(String[] args) {
5         Scanner in = new Scanner(System.in);
6         int number = in.nextInt();
7
8         // Check if the number is even or odd
9
10        if (number % 2 == 0) {
11            System.out.println("Even");
12        } else {
13            System.out.println("Odd");
14        }
15    }
16 }
```
